

# ARBUCKLE IS SILENT SPECTATOR

## PICTURE COMEDIAN LISTENS CLOSELY TO INQUEST TESTIMONY

Is Especially Interested in That of Mrs. Bambina Delmont, Friend of Miss Rappe—Nurses Who Attended the Dead Woman Tell Stories—Actor Quizzed About Liquor

(By The Associated Press)  
**BULLETIN**  
SAN FRANCISCO, Sept. 13.—Grace Halston, a nurse, Alice Blake and Zeh Provost, show girls, were called before the grand jury tonight when the examination of evidence on which an indictment is sought charging Roscoe Arbuckle with the murder of Virginia Rappe, an actress, was resumed.

At 11:20 tonight, the grand jury still was in session and word from the jury room indicated that another session might be necessary before the case was disposed of.

SAN FRANCISCO, Calif., Sept. 13.—Roscoe (Fatty) Arbuckle, motion picture star, was a silent spectator today at the inquest into the death of Miss Virginia Rappe, an actress, with whose murder he is charged. The inquest was not concluded and will be resumed tomorrow, it was announced.

When it is proposed to summon Miss Zeh Provost and Miss Alice Blake, show girls, who were guests of Arbuckle on the afternoon of Sept. 5 at the party in a local hotel where it is alleged Miss Rappe received the injuries which resulted in her death.

Their testimony was not offered today at the inquest in order that they might appear first before a special session of the county grand jury tonight. The grand jury last night considered the Arbuckle case but adjourned without completing its work.

## JUDGE SHEPPARD SAYS GRAND JURY MAY INVESTIGATE

Scores Secret Orders  
Interfering With  
Citizens

(By The Associated Press)  
NEW YORK, Sept. 13.—Judge William B. Sheppard of Florida, sitting in federal district court today, told the federal grand jury it had power and authority to investigate secret societies which "are reported to be interfering with the constitutional rights of citizens."

"Any organization," he said, "which holds its meetings by the light of bon fires in secret places and the members of which wear white suits and masks, which attempts to prevent orderly citizens from the enjoyment of their rights, freedom of speech, conscience and right of trial by jury, is a proper subject for investigation by a grand jury. That is because such behavior on the part of a secret society is a conspiracy and the law can be brought to bear upon them."

Continuing his charge, Judge Sheppard said in part:

**Law for Case.**  
"There is a law here than can be brought to bear upon any group of people or secret organization which administers justice in the woods."

"It is not within the province of secret societies to say who is and who is not a desirable citizen. When they, by administrative power, seek to prevent others from the enjoyment of their constitutional rights, they are amenable to prosecution in the federal courts thru presentment or indictment by the grand jury."

Judge Sheppard remarked that according to newspaper reports "there is a certain organization now in existence, the members of which are undertaking to censor the conduct of their fellow citizens."

"When you get to that state of affairs, one may well ask what difference there is between the United States and bolshevism in Russia," he added.

## ARE FEEDING TEXTILE STRIKERS

NEW YORK, Sept. 13.—Establishment of commissaries to feed striking workers of the United Textile workers of America and their families in lieu of the payment of strike benefits with authorized today by delegates in attendance at the annual convention.

## W. E. WILLIAMS DIES SUDDENLY TUESDAY NIGHT

Former Congressman  
Passes Away at His  
Home in Pittsfield

(By The Associated Press)  
PITTSFIELD, Ill., Sept. 13.—William Elza Williams, former Democratic congressman at large from Illinois, died suddenly tonight at his home here. He was 64 years old. Although he had complained of ill health for a week he was at his office today. He was stricken suddenly shortly after he reached home.

Mr. Williams was a classmate and boyhood chum of William Jennings Bryan. He was first elected to congress as the member from the Pittsfield district in the fifty-sixth congress, serving one term.

His next term began in 1912 when he was elected as one of the members at large from Illinois. He was widely known as a lawyer.

Mr. Williams was elected a member from this district in 1899 serving one term when he was defeated for re-election.

While at Washington he took great interest in matters in the district which were pending in congress and was most zealous in his efforts to secure legislation of benefit to his constituents.

It was largely thru his efforts that the movement was started to secure the appropriation for the present postoffice building. He met here several times with citizens and discussed the matter but the building was not erected until after he had retired from office.

Again in 1912 Mr. Williams became a candidate for congress running for election at large and being successful. He was again a candidate for congressman at large in 1920 but was defeated in the general landslide. He received over 350,000 votes.

For many years he has been active in Democratic politics in the state and was always a prominent figure in party convention, both state and congressional. He was a man of ability and considered one of the strong men of the party.

He was a frequent visitor in Jacksonville and had many warm personal friends in both parties in this city. He was a member of the firm of Williams & Williams with his brother, H. Clay Williams who is a graduate of Illinois college.

## COMPANIES ARE ORDERED TO APPEAR

(By The Associated Press)  
CHICAGO, Sept. 13.—An order directing three of Chicago's largest public utility corporations, the elevated lines, the Gas, Light & Coke company and the Chicago Telephone company, to appear before the Illinois commerce commission and show cause why their rates should not be lowered within the Chicago district was issued today by the commission. The order was issued after the arrival of members of the commission in the city to hear arguments on the petition of Mayor Thompson for a five cent street car fare. The traction hearing will open tomorrow. Reduction of the rates was asked on the ground that the operating expenses are now much lower than they were at the time the increase in rates was granted.

## WILL TAKE STEPS TO CONTROL MONEY

Berlin, Sept. 13.—With a view to counteracting insensate Bourse speculation, the government, according to the Tageblatt, is contemplating steps to establish some measure of control of the money market by a system of "rationing" or, as a last resort, sequestering foreign currencies or bills thrown on the market in excess of what is regarded as legitimate requirements. The dollar with a record of 110 marks in January, 1920, today reached 108 1/2 for cable transfers.

Rappe told her she had had an adventure at the party with Arbuckle which she did not want her friend, Henry Lehman, New York motion picture director, to know about.

**Questioned About Liquor.**  
San Francisco, Calif., Sept. 13.—Roscoe Arbuckle was taken before Prohibition Director E. Forest Mitchell late today in answer to a citation ordering him there to tell where the liquor alleged to have been consumed at his party was obtained. Mitchell questioned Arbuckle closely and the only answer he was able to get was "never had any."

## Condensed Telegraphic News (By The Associated Press)

MINNEAPOLIS, Minn., Sept. 13.—Stimulated by phonograph music, night clerks at the Minneapolis post office have increased their speed and accuracy. Postmaster E. A. Purdy announced today at the conclusion of test covering a month's period.

STOCKHOLM, Sept. 13.—Miss Kerstin Messelgren, for many years a labor leader in Sweden has been elected at Gothenburg, as member of the first chamber of the Swedish parliament. Miss Messelgren who enjoys a wide acquaintance in America will be the first woman to hold a seat in this chamber.

SIOUX FALLS, S. D., Sept. 13.—Right Rev. Thomas O. Gorman, the venerable Catholic archbishop of the eastern diocese of South Dakota today sustained a stroke of paralysis and at noon was in an unconscious condition. He is 73 years old and for many years has been one of the most prominent churchmen of the northwest.

WATERTOWN, Wis., Sept. 13.—The kindest burglar in Wisconsin is the way Miss Marie Reynolds spoke of the mysterious person who returned her by mail a watch stolen here from her home nearly a year ago. The watch was received in a small pasteboard box, wrapped in cotton and bore only a Milwaukee postmark and almost illegible address.

CHICAGO, Sept. 13.—George Joyce, 45 years old, restaurant owner of Belvidere, Ill., was instantly killed and Harry Shane, 40 years old, his partner, was injured today when the automobile in which they were riding to Chicago turned turtle just south of Palestine.

The automobile was driven by John Wilson of Belvidere. He was not injured.

WASHINGTON, Sept. 13.—Representative Samuel M. Taylor of Arkansas, died at his home here early today, after an illness of several weeks pleurisy and pneumonia. He was 69 years old.

CHICAGO, Sept. 13.—Sydney Carlsten, a student at the University of Illinois, today offered to sell himself for one year for \$1,200 to anyone who advances him the money to complete his college course this year. He stated that he would sell his services for any purpose and would try to do anything that was offered.

## WILL ISSUE CALL FOR CONFERENCE ON UNEMPLOYMENT

President Expected to Make  
Formal Call at Early  
Date

(By The Associated Press)  
WASHINGTON, Sept. 13.—Formal call for the national unemployment conference in Washington, which will be issued by President Harding soon after his return from New York, administration officials said tonight. The plans, officials added, virtually have been completed and have been sent by wireless to the yacht Mayflower, so that President Harding can discuss them with Mr. Hoover before the return to Washington.

A definite date for the conference was said to be undecided, although Sept. 25 appeared most probable.

Acceptances are understood to have been received by Secretary Hoover from the thirty conferees who will represent the country at the conference. Among those who will attend as has been indicated, are Samuel Gompers, president of the American Federation of Labor, John L. Lewis, of the mine workers, and Charles M. Schwab, chairman of the Bethlehem Steel corporation.

Whether Secretary Hoover will participate, it is believed, will depend upon President Harding, who may have him as chairman of the conference or request him to attend merely in his official capacity.

President Harding, it is understood, may open the conference himself, acquainting the conferees with the problems before them, and then turn the whole matter over to them for action.

## WILL TALK OVER MEXICAN DEBTS

NEW YORK, Sept. 13.—Thomas A. Lamont of J. P. Morgan & Co., will leave for Mexico City at the end of this month to discuss with Mexican government officials the status of that country's external obligations.

Mr. Lamont will make the trip at the request of the international committee of bankers on Mexico, of which he is acting chairman.

The Mexican government extended an invitation to the committee some time ago. The committee represent British, French, Swiss, Dutch and Belgian interests. It was reported that the state department was cognizant of Mr. Lamont's proposed visit and that the governments involved had given hearty encouragement.

The external debt of the Mexican government has been roughly estimated at \$200,000,000. England is said to be Mexico's largest creditor with France probably second.

## MAKES KNOWN POSITION ON DISARMAMENT

Japan Has No Intention  
of Reducing  
Navy's Strength

(By The Associated Press)  
TOKIO, Sept. 13.—A conference of the naval and military authorities and the officials of the foreign office has decided upon the following basic principles on the limitation of naval armament, according to the Asahi Shimbun: "Japan has no intention of reducing the strength of her navy independently, nor of suspending the previously arranged building program. But as she has heartily approved curtailment, so as to promote the happiness of mankind, Japan is willing to make efforts to establish some arrangement with the powers."

"Japan believes, first, that it is against the fundamental spirit of the Washington conference that any power should possess superior forces sufficient to secure a decisive victory over any other power or powers; therefore the powers should minimize the scope of armament to the same degree as that of the country having the smallest naval strength among the powers concerned."

"Second, the powers concerned shall not establish any naval base or make any arrangement to serve as naval bases for their navies on the Pacific."

**Prohibit Fortified Islands.**  
Concerning the second provision, the Asahi Shimbun says that the naval officials originally suggested that fortified islands in the Pacific should be prohibited, but this was amended as above.

Furthermore, continues the newspaper, Japan wants to suggest that limitation should be put on future warship construction after a certain year to be named, because destruction of existing warships or suspension of construction would involve inconvenience.

Also the period for the completion of previously planned vessels should be extended.

For example it is pointed out the United States should extend her three year program over a longer period, thereby regulating the augmentation of her naval strength.

Concerning seaplanes, submarines and other destructive agencies it is stated there will be further discussions. Definite plans will be drawn up after this draft is submitted for consideration by the cabinet and diplomatic advisory council.

## HOPE IS SLIGHT FOR PERMANENT PEACE IN EGYPT

Tents of Refugees Colony  
Are Again Being  
Placed

(By The Associated Press)  
ELIZABETHTOWN, Ill., Sept. 13.—Adjutant General Frank S. Dickson's commission tonight completed its investigation of the Rosiclare Fluorspar mine strike with the exception of the testimony of Ed Carbine, union organizer, which is to be taken tomorrow night at Cairo, Ill.

With the state investigators ready to withdraw tomorrow, evidence was seen today that permanent peace hoped for may not be established.

Tents of the Rosiclare refugees colony, torn down ten days ago when their camp just outside of Elizabethtown was abandoned, sprung up again today ready for occupancy. General Dickson tonight demanded an explanation from union men regarding the re-establishment of the camp.

At Cave in Rock, ten miles up the river, reports were circulated that the miners union leaders would attempt to hold a meeting Thursday, despite the threats of townspeople that no public gathering would be permitted. Managers of fluorspar mines in the Cave in Rock district have conferred with General Dickson and also consulted the leaders of the private detectives here.

The imported guards still were active here tonight, although Sheriff D. N. Cox, State's Attorney Clarence Foward, Mayor Ed Farrell of Rosiclare and Mayor George Wall of Elizabethtown last night promised the Dickson commission they would be withdrawn.

It was said tonight the deputy sheriffs' commissions would be revoked tomorrow. General Dickson's party leaves here early tomorrow morning for Cairo.

## INJUNCTION CASE IS UP IN IOWA

(By The Associated Press)  
DES MOINES, Iowa, Sept. 13.—Arguments by attorneys for the state against the granting of the temporary injunction sought by nine railroads to prevent the spreading of the \$40,000,000 increased valuation of their property fixed by the state legislative council occupied all of this afternoon's hearing in federal court.

Attorney General Gibson announced that he expected to conclude the case tomorrow.

Ed Perry, special counsel for the attorney general's office in his argument declared that only nine of the 39 railroads operating in the state had contested the increased valuations.

"The state of Iowa," he argued, is only trying to get the railroads to pay taxes on the actual value of their properties."

## MAY HAVE TO PAY EXCESS PROFITS TAX ANOTHER YEAR

Senate Finance Committee Approves the  
House Provision to This Effect—Adopt  
Amendment Increasing the Corporation  
Income Tax from Ten to Fifteen Per Cent

(By The Associated Press)  
WASHINGTON, Sept. 13.—Corporations would be required to pay excess profits taxes for another year under a decision today of the senate finance committee which finally approved the provision in the house bill repealing these taxes as of next January 1, instead of last January 1, as recommended by Secretary Mellon.

The committee also inserted a provision in the house measure repealing the capital stock tax effective next year and adopted an amendment increasing the corporation income tax from ten to fifteen percent instead of 12 1/2 percent, effective January 1, 1922.

These represented the major decisions reached today at two sessions, although it was said officially that the committee practically had decided to amend the house bill so as to continue the tax on express packages and oil transported by pipe lines.

Whether any portion of the taxes on the transportation of freight and passengers will be retained after next January 1, will depend, Chairman Penrose said upon a report to be made tomorrow by the treasury as to the savings in expenditures expected to be made this fiscal year by the various government departments.

This report was called for today by the committee which was represented as taking the position that it could not complete the bill, this week.

With this information in hand Chairman Penrose said the committee probably could get thru with all of the levy sections of the bill tomorrow.

Rapid progress was made today the committee completing consideration of a number of administrative as well as levy sections.

Provisions in the house bill stricken out today included those exempting the income tax, the salaries of the president and the judges of federal courts; the first \$500 of income from investments in building and loan associations and contributions made by corporations for charitable purposes.

The committee also disagreed to the house provision allowing traveling salesmen to deduct from their income all expenses incurred while on the road.

A new section added to the house bill would require individuals having a gross income of \$5,000 annually to make a return, irrespective of whether the total amount of net income was taxable. Chairman Penrose said the treasury expected to collect income tax from many persons not now making returns thru this provision.

Another provision added by the committee would permit banks to deduct for purposes of federal taxation the amount of taxes paid to states on the shares of stockholders.

The committee agreed to sections of the house bill exempting from tax interest on bank deposits of foreigners engaged in business in this country but not having regular places of business and exempting fraternal beneficiary societies from federal taxation. It also agreed to the house provision permitting corporations after next January 1, to make consolidated returns from subsidiary companies or an individual return for each subsidiary.

Discussing the action of the committee on the levy section, Chairman Penrose said, in his opinion no new taxes would have to be imposed and that sufficient funds would be raised by the levies already agreed upon.

## COIL COMPANIES PAYMENTS RETURNED

MEXICO CITY, Sept. 13.—Payments by oil companies in accordance with President Obregon's export tax decree of June 7 last, were returned yesterday by the government in accordance with an agreement said to have been reached last week with the five American oil company heads who visited here. Such taxes as were proportionately small as compared with the total payments, as the larger companies had postponed their payments.

## OPEN PASSAGE OF SECOND TUNNEL

GENEVA, Sept. 13.—The opening of the passage of the second Simplon tunnel, parallel to the first, was completed today. The masonry work of the vault of the tunnel is well advanced. It is hoped to have the second tunnel ready for use by the end of the year.

## LEAGUE MAKES READY TO NAME ITS DELEGATES

Competition Keen for  
Places on Court of  
Justice Bench

(By The Associated Press)  
GENEVA, Sept. 13.—Competition among about thirty five out of the forty eight states, members of the league of nations, for the eleven seats on the bench of the international court of justice and four seats in the council of the league gave more life to the sessions of the assembly today than has been shown all thru the dragging debate on the work of the league.

The aims of the league leaders to have represented on the bench of the international court all of the principal geographical divisions of the world, as well as all races, have been somewhat complicated by the ambitions of most of the states to be represented.

Siam wants a member both on the court and council and South America announces that it will content with one member in the council, but desires not less than three on the court. There remain eighty names on the list of nominations including that of Elihu Root, who is not regarded as having officially declined. Only about thirty five of them, however, are expected to receive votes. Six of these are regarded tonight as practically certain of election. They are Viscount Finlay, Great Britain, Dr. Andre Weiss, France; Yorozu Oda, Japan; Commendatore Dionisio Anzilotti, Italy; Dr. Ruy Barbosa, Brazil, and Dr. E. P. C. Loder, of Holland.

**U. S. Probability.**  
John Bassett Moore of the United States is considered a strong probability. Competition for the four remaining seats is very likely between South and Central America, Scandinavia, the Slavs, the Czechs and the British Dominions. Antonio S. DeBastamante of Cuba is much favored, as well as Dr. Alejandro Alvarez of Chile. It is impossible to figure how the South and Central America can elect more than one judge so strong is the pressure of other countries which otherwise will be left unprotected.

Dr. Max Huber of Switzerland, was this evening prominently mentioned as a German speaking candidate. It is thought likely that Chile will succeed Brazil as one of the four non-permanent members of the council. Czechoslovakia is strongly supported to succeed Spain, while China and the resolution adopted by the assembly last year providing that one of the non-permanent seats should go to Asia, would be entitled to a seat again. But the point has been raised that this was a mere statement of sentiment by the last assembly and was not adopted as a part of the procedure. Sweden is a strong candidate for the seat occupied by Belgium.

Attorney General Daugherty may resign in order to make the campaign for United States senator in Ohio. If Mr. Daugherty plans as well for himself as he did in securing the nomination of Mr. Harding, there will be no trouble about his success at the polls.

Frank Farrington, president of the Illinois miners' organization, is talking about the struggle in the eastern coal fields, says: "The play of force and violence in the solution of such questions has passed."

That sounds soft and peaceful coming from Farrington, who in the past has not been noted for kid glove methods. But he spoke a great truth and as fast as men of all classes come to recognize that the only proper way to settle differences is by consultation and conferences, just so fast will the big troubles which continually threaten the peace of society disappear.

They used to say that when business was not satisfactory that the condition was reflected by poor attendance in the colleges of the country. Either times have changed or the old statement is not true, for the attendance at local colleges this year promises to exceed former records.

When it is remembered that much of the territory from which the colleges draw is dependent upon agriculture as the principal industry, it is very apparent that people are either hopeful of better days coming or else have

come to realize that college education is something which must not be neglected no matter what the times and conditions.

The proof has not yet been submitted to show exactly what happened in the "Fatty" Arbuckle hotel orgy. These facts may appear when the case comes to trial. But certain it is that booze was the basic cause of the shameful happening. Will men and women never learn the certain ending of the broad white way?

THE APPEAL OF CHILDHOOD

Mr. Bowen, of the Springfield Journal, says: "The old fashioned table about which 'dad' and 'mum' and the children gathered after supper to work the arithmetic or untangle the grammar is no more."

He says further that children now do all their studying in school and that parents have passed on responsibility to the teachers and schools and that blame for failure attaches to the teachers or the system of instruction.

Then Mr. Bowen expresses his regret in this way: "Poor kid, who can fall to sympathize with him, yet who does, in this age when childhood appeals so lightly to the public heart?"

It is a somewhat dangerous thing to disagree with one so thoroughly posted on welfare, educational, social service and family problems as Mr. Bowen.

But does childhood appeal lightly to the public today? The present time, as no other, witnesses the interest of men in boys' work. Several of the larger organizations of men thruout the country have boys welfare work as the most important consideration in their programs.

The attention given supervised play, the continued development of parks and playgrounds, the Boy Scout and Camp Fire girl movements are but evidence of the keener understanding that people have of the needs and demands of youth.

The anxiety that the average adult of today shows to have young life safeguarded is one of the best signs of the times and many students of conditions believe that very spirit is going to have its decided influence in bettering the citizenship of the future.

PRESBYTERY HELD USUAL FALL SESSION

College President Told of Present Day Educational Needs—W. C. Sperry of This City Named Delegate to State Synod.

Jacksonville men who were in attendance at the fall meeting of the Springfield Presbytery returned home Tuesday evening. The sessions were held at the First Presbyterian church in Springfield and practically all churches of the presbytery were represented.

One of the principal addresses was delivered by John Lyons who has served for years as a missionary in China. He was accompanied by a young Chinese lad who has come to this country to attend Columbia University. The lad also made a very interesting and instructing statement.

Dr. W. F. Klein, who represents the evangelistic committee of the general assembly, was present to explain to the Presbytery the general evangelistic campaign plans which extend over a period of two years.

Dr. Holden of Millikin University, Dr. Turner of Lincoln college, and Dr. C. H. Rammelkamp of Illinois College, made brief addresses outlining some of the educational needs of the present.

W. C. Sperry of Northminster church was elected a delegate to the Synod which will meet in Lincoln, Oct. 11 and 12.

The Jacksonville churches were represented by State Street, Rev. W. H. Marbach; Northminster, Dr. W. E. Spooner and E. M. Vasconcellos; Westminster, Dr. Thos. W. Smith and Dr. C. H. Rammelkamp.

NOTICE R. N. A., No. 171

VISITORS FROM WINCHESTER

Dr. Webster and wife were up to the city from Winchester yesterday. Dr. Webster is one of the foremost physicians of Scott county and enjoys a large practice. He was accompanied by his cousin, J. E. Webster, representative of the Remington Arms Union Metallic Cartridge Co. Both gentlemen were much pleased with our city.

MASONS WILL GO TO BEARDSTOWN

New Temple Will Be Dedicated Today With Imposing Ceremonies.

A number of Jacksonville Masons will go to Beardstown today for the dedication of the new Masonic Temple. The program will begin at two o'clock in the afternoon and the temple will be dedicated by Daniel Fitzgerald, grand master of the A. F. & A. M. in Illinois.

The oration will be delivered by Congressman Patrick H. Kelly of Lansing, Mich., accounted one of the most eloquent men in congress. Following the ceremony will be inspection of the temple by visiting Masons and later supper will be served.

At 8 o'clock will be a program on the third floor of the temple for Masons and their families.

BLOOMINGTON CONTRACTORS WILL MEET TODAY

There will be a meeting of Bloomington contractors at the Association of Commerce on Wednesday evening to outline plans for the fall and winter. Contractors and building tradesmen read with interest last week the decision of Judge Landis and sentiment here, like in Chicago, was divided—the contractors believing it was fair, while many tradesmen felt some lines were created unfairly. It is likely that the contractors will discuss the ruling at their meeting Wednesday night.

One leading contractor commenting on the decision, said he approved it and thought that trades that are not on the basis with the Chicago trades should get down to the same basis. Central Illinois scales, it is said, usually followed the Chicago scales, and if that policy is continued then those out of the line will have to come down. The Chicago decision holds until May 1, 1922, when Judge Landis is to make another decision. That date is believed by some here to be too late in the season as the local scales expire in March and April 1, but it may be that local wage scales will not be decided until after those in Chicago are settled, so that work once more can proceed on a stable basis.

OLD JACKSONVILLE

WM. FRANCIS FEYERWEATHER

(BY ENSLEY MOORE)  
Member Illinois State Historical Society

Those of us who were in college during the Civil War knew Will Feyerweather and altho not a resident here, there is sufficient reason to refer to him now.

Mr. Feyerweather was born in Burlington, Iowa, December 27, 1847 and he passed away on September 20, 1920, at Kansas City, Mo.

One sufficient reason to the "O. J." man of "Will" here, is because he was a mate of the writer, in the class of 1868, at Illinois College. And he was a Sigma Pi.

He Came Here

About this time of the year, 1863, and matriculated at "the College on the Hill." He also became the roommate, for three and a half school years, of the writer, at the latter's home.

Mr. Feyerweather was a son of James R. Feyerweather and his wife, whose maiden name was Eliza Ann Doan. She was a sister of Mr. Doan, of the great firm of Doan, King & Co., of St. Louis, Mo. She was born in Middle Haddam, Connecticut, and was a lady of fine presence and exceptional quality. She was the aunt of Frank and Howard Doan, of this city, and occasionally visited here.

James R. Feyerweather was a brother of Elizabeth and of Hannah Richards Feyerweather, who were the first and second wives of President Julian M. Sturtevant, so long of Illinois College. Another Miss Feyerweather married Timothy Chamberlain, Sr., of this place. Their home was on the north side of the Waverly road, about half a mile east of Nichols Park. Another of these sisters was Miss Mary Jane Feyerweather, well known to our older citizens, who made her home many years with the Sturtevants. All these people were from Connecticut. Miss Feyerweather brought the first hot-house plants here.

James R. Feyerweather came here at an early date, and at first, made his home in Rushville, this state. He afterwards went to Burlington, then in Iowa territory, which town was his home thereafter. He was a leading and prominent citizen of the Hawkeye city, and afterwards was engaged in business for "the Burlington" and "the Wabash" railroads as purchasing agent and in some other department.

William F. Feyerweather spent the summer of 1867 with a surveying party which blazed the way for the entrance of "the Burlington" railroad into what was

then Lancaster, Nebraska; but which with the impetus of that great corporation grew into Lincoln, capital of Nebraska.

After his graduation from Illinois College, June 4, 1868, "Will" spent some further time in the engineering department of the Burlington road, and then entered the employ of the Pullman Car company, part of the time on the road, and part as cashier at Kansas City, Missouri. That city became his home for most of his following, and for his last days.

He Was Married

During a short residence in Denver, Colorado, to Miss Emma Frances McCahy, formerly of Breckinridge, Mo., and latterly of Kansas City, Mo. Mrs. Feyerweather was a daughter of Mr. George Meeks.

Mrs. William F. Feyerweather died August 29, 1897. She was the mother of Ruth Forbes, now Mrs. C. R. Mills, of Kansas City, Mo., and of Mary Elizabeth Feyerweather, who died in May, 1917.

William F.

Was an agent of the Traveler's Insurance Company, at Kansas City, after leaving the Pullman employ, and was with the Travelers for sixteen years. He thus illustrated two of his strong points, his fidelity and efficiency. The Travelers lost their grip with the Pullman company, and thereafter Mr. Feyerweather was with the Fidelity and Casualty company of New York, up to the time of his death. He suffered a long final illness, lasting from December, 1920, to the following September.

Mr. Feyerweather

Was a devoted and faithful Episcopalian during his student days, that being, probably the church of his mother's choice.

James R. Feyerweather

Was also the father of James R. Jr., of Edward E., and his youngest son was Henry, Edward spent the school year 1857 and 1858 here; and, latterly, was treasurer of the Chicago, Burlington and Quincy Railroad, living in Chicago. He left a son, Roades, and wife, who are now residents of Baltimore, Md. Roades and his fine wife are the parents of two delightful daughters, James R. Jr., made his home in Burlington, Iowa, and Henry spent some time in the Sandwich Islands. His later life was in the United States.

Such is the outline of the history of a family having much to do with the development of the Old West.

James R. Feyerweather was a brother of Elizabeth and of Hannah Richards Feyerweather, who were the first and second wives of President Julian M. Sturtevant, so long of Illinois College. Another Miss Feyerweather married Timothy Chamberlain, Sr., of this place. Their home was on the north side of the Waverly road, about half a mile east of Nichols Park. Another of these sisters was Miss Mary Jane Feyerweather, well known to our older citizens, who made her home many years with the Sturtevants. All these people were from Connecticut. Miss Feyerweather brought the first hot-house plants here.

James R. Feyerweather came here at an early date, and at first, made his home in Rushville, this state. He afterwards went to Burlington, then in Iowa territory, which town was his home thereafter. He was a leading and prominent citizen of the Hawkeye city, and afterwards was engaged in business for "the Burlington" and "the Wabash" railroads as purchasing agent and in some other department.

William F. Feyerweather spent the summer of 1867 with a surveying party which blazed the way for the entrance of "the Burlington" railroad into what was

FIRST ISSUE OF HIGH SCHOOL EXHAUST OUT

First Issue of School Paper Given Out—Other School News of Interest.

At the regular assembly period at the High School yesterday the first issue of the "Exhaust," the official student paper, was given out. Several of the students made short talks and a great deal of interest was shown in the paper. Paul Bolman, Virginia Cummings and Miss Leonhard, faculty advisor for the Exhaust staff, made booster talks for the paper. The student body showed its interest in the matter by subscribing liberally for the publication. Everybody seems to want to take it this year owing, no doubt, to the good record made by the snappy little paper last year.

Among items of interest in the issue are the announcement of the football schedule, which has already appeared in the Journal. The boys are practicing every day and will no doubt be in good form when the first game comes off, the one scheduled with Hannibal for the 24th of September. There also appears a list of rules governing the election of class officers for the coming year. The rules are made by the student council which includes the following students: Reginald Reid, John Hackett, Frank Cohen, Eunice Haerle, Edward Lewis, Vida Sloan, Edith man and Caroline Doane.

The high school classes in physical training are being organized and work will begin in a short time. The girls' classes are to be held the second and fourth periods on Monday and Wednesday and will be in charge of Miss Edith Wilder. It is possible for 50 girls to register in each class and it is thought that the classes will be full. The work in this department is entirely elective for girls but a great many have indicated their desire to take the course. The boys' classes are to be held the fourth periods on Tuesday and Thursday. On account of the great interest that the high school boys are showing in athletics the gymnasium classes are not so full.

The chorus classes are being formed and the first meeting will be held Thursday morning at 8 o'clock. Miss Lena Hopper, musical director is hearing tryouts for the chorus every day and the personnel of this high school organization will soon be complete.

High school art work will begin this week under the direction of Miss Sibert. Students may take the work at any two of the following four periods: 5th, 6th, 7th and 8th, on Monday, Wednesday and Thursday. Three fifths of a credit is given for a year's art work at the high school. The classes will be held in a special room on the first floor of the new building particularly arranged for the work in this department.

## Bequeathing Business Judgment

A prominent life insurance company, having studied the history of estates of five thousand dollars or over created by its payments to beneficiaries, finds that within seven years 90 per cent of these estates are wholly dissipated. Probably the same average holds for inherited cash estates.

In most of these cases the money was paid to widows and minors, persons who had little or no business training in handling money, who had not labored for wages and consequently had no adequate idea of the worth of a dollar. Probably no considerable per cent of the beneficiaries were willfully profligate. Profligacy is not necessary to the swift scattering of a fortune. A little lack of judgment will do the work.

In many a case, such a fund, being too small to yield a supporting income, has been put into the hands of promoters of doubtful enterprises, which promise much larger returns than can be had from safe investments. There are men who make it their profession to seek out owners of new estates and over-persuade them.

The swift scattering of cash estates has brought to public notice the necessity of placing safeguards about such funds. Life insurance is being made payable in monthly installments. Testators are also placing funds in trust for their legatees, to be administered until the beneficiaries have attained an age well beyond youth, thus making it impossible to lose or squander the entire estate at once.

Testators are coming more and more to avail themselves of the services offered by trust companies in trusteeing funds for beneficiaries. In this way business judgment as well as money is bequeathed to widows and orphans. And, according to the history of cash estates, business judgment may be as valuable a legacy as ready cash.

## NATIONAL G. A. R. TO MEET IN INDIANAPOLIS

Will Be Fourth Time Organization That Has Met in Indiana Capital—Annual Parade to Be Held.

INDIANAPOLIS, Ind.—For the fourth time since the Grand Army of the Republic was organized in 1865, it will convene in Indianapolis Sept. 25 to 29, for its annual meeting. No other city has had the encampment more than three times. Previous encampments were held here in 1881, 1893 and 1920.

On the opening day, Sunday, past commanders and national officers of the G. A. R. will occupy pulpits in the local churches and deliver patriotic addresses. Monday the credentials and executive committees will meet and that evening a reception for the veterans and members of affiliated organizations will be held in the state house by Governor Warren T. McCray.

The first business session takes place Tuesday morning. Other business sessions will be held Wednesday and Thursday. On Tuesday evening greetings between the G. A. R. and allied organizations will be exchanged.

The veterans' annual parade will be held Wednesday afternoon and the annual campfire comes that night. The encampment closes Thursday afternoon with an automobile trip to Fort Benjamin Harrison, headquarters of the Fifth Army Corps area.

CHICAGO, Sept. 13.—Two hundred farmers of the Elgin and Huntley districts would have the city's support in their efforts to sell milk direct to Chicago consumers at 9 and 10 cents a quart, unless local distributors reduce high prices. Russell Poole, secretary of the council high cost committee announced today. He added that 17,000 farmers in the Chicago district are ready to invade the city in an effort to eliminate the middleman.

You Get Bigger Crops the First Year With

MISSISSIPPI Pulverized  
Limestone

Quality counts in lime-stone for soil sweetening just the same as in  
seed for crops. Carrying charges, hauling and the labor of putting  
it into the soil properly are just the same with inferior limestone  
or seed as with better kind—profitable returns are quick and sure  
only when you buy the best.

High Calcium Content and Correct Milling

are of greatest importance in pulverized limestone for agricultural  
use. Calcium is what you buy limestone for. The richer the stone  
in calcium the more soil sweetening material you get for your  
money—the less stone you need to buy and handle.

Mississippi Pulverized Limestone is exceptionally high in calcium  
content and is made of the same rock from which our high cal-  
cium burned lime is manufactured—free from all flint, low grade  
material or dirt.

Mississippi High Grade Pulverized Lime Stone is not a mere by-  
product of the quarry, but is especially selected and milled for  
agricultural use. Because of its high quality and correct milling, it  
serves the soil quickly and completely—you get bigger crops the  
first year and for years to come.

Your Soil Needs Lime

Write us today for free illustrated literature on liming land and reports of crop  
increases when the right kind of limestone is properly applied.

We fill orders promptly. Let us give you price on a car delivered at your station  
on short notice. Have your supply on hand to apply in time for bigger crops  
the coming season.

HENRY C. CURRAN  
IS NOMINATED BY  
LARGE MAJORITY

Coalition Candidate Nomi-  
nated by Republicans  
in New York

(By The Associated Press)

NEW YORK, Sept. 13.—Henry  
C. Curran, coalition candidate,  
won the Republican nomination  
for mayor today over three oppo-  
nents, leading his nearest rival  
by a vote of approximately 2-1-2 to  
1. Judge Reuben L. Haskell, who  
made his campaign on a wet issue,  
and F. H. Laguardia, president  
of the board of aldermen, were  
running a neck and neck race  
for second place, with William A.  
Bennett, former state senator, a  
poor fourth.

The vote, with 932 out of 2,733  
election districts missing, was:  
Curran ..... 65,324  
Bennett ..... 2,906  
Haskell ..... 2,785  
Laguardia ..... 2,788

The other principal coalition  
nominees, Charles C. Lockwood  
for comptroller, and Vincent Gil-  
roy, Independent Democrat, led  
their opponents by overwhelming  
majorities.

Mayor John F. Hylan and  
Comptroller Charles L. Craig  
were renominated without oppo-  
sition in the Democratic primary.  
Murray Hulbert received the  
Democratic nomination for presi-  
dent of the board of aldermen  
without a contest. Returns from  
about one-third of the election dis-  
tricts in Manhattan indicated that  
James J. Hines, anti-Tammany  
candidate for borough president,  
would be defeated by Julius Mil-  
ler, the Democratic organization's  
choice, by about two to one.

TRAVEL BY AIRPLANE  
TO GET COMMISSION

Springfield, Ill., Sept. 13.—  
Five minutes after Martin Schnip-  
per had been appointed sheriff of  
St. Clair county by the county  
board today, Lieutenant J. Ken-  
nedy of Scott Field was on his  
way to Springfield in his plane  
after Schnipper's commission.  
Lieutenant Kennedy was met at  
the state fair grounds by a clerk  
with the commission. Schnipper  
was named to succeed Edward  
Parrie, recently appointed by Gov-  
ernor Small as warden of the  
Southern Illinois penitentiary at  
Joliet.

WILL CALL SPECIAL  
LEGISLATION SESSION

Jefferson City, Mo., Sept. 13.—  
Governor Hyde announced defi-  
nitely here today that he would  
call a special session of the Mis-  
souri legislature probably short-  
ly after November 1, next to con-  
sider legislation which will make  
available the proceeds of the  
\$15,000,000 bond issue recently  
authorized for the payment of a  
cash bonus to former soldiers,  
sailors and marines who served  
with Missouri during the war  
with Germany.

ARRANGE FOR PRESS  
MEN AT CONFERENCE

Washington, Sept. 13.—The  
American Press Council composed  
of fourteen Washington cor-  
respondents, officers of the seven  
newspapers, clubs and de-  
partmental organizations here,  
was formed today to advise and  
assist government officials in the  
arrangement of publicity facili-  
ties at the conference on limita-  
tion of armament.

London, Sept. 13.—A resolu-  
tion commending the work of the  
league of nations was adopted  
with dissension by an almost un-  
animous vote of the World Meth-  
odist conference here this after-  
noon and was ordered sent to  
Geneva.

MANY AFFIDAVITS  
WILL BE FILED

SPRINGFIELD, Ill., Sept. 13.—  
The number of affidavits to be  
filed next Friday supporting Gov-  
ernor Small's petition for a  
change of venue from Sangamon  
county will be somewhere be-  
tween fifty and five hundred,  
Werner W. Schroeder, one of the  
governor's counsel in the embe-  
zlement case said tonight.

Schroeder said according to  
his understanding of the agree-  
ment over the extension of time  
granted by State's Attorney Mon-  
tmer, no arguments on the peti-  
tion will be made until Sept. 21.  
Filing of the affidavits will prob-  
ably be all that will be done in  
the case next Friday. Mr.  
Schroeder said. Selection of an-  
other county in which to try the  
governor is the next matter to  
be determined in the sensational  
case. Mr. Schroeder and State's  
Attorney Montmer had a brief  
conference tonight.

MAY BEGIN ISSUANCE  
OF WAR FINANCE BONDS

If Congress Enacts Pending Leg-  
islation Authorizing War  
Finance Corporation to Make  
Advances for Relief.

WASHINGTON.—Issuance of  
War Finance Corporation short  
term bonds may begin in the  
near future if Congress enacts  
pending legislation to authorize  
the corporation to make advances  
for agricultural and railroad re-  
lief. A large demand is likely  
to be made on the corporation for  
funds, officials said, and it may  
follow the general policy of the  
Treasury in raising money for its  
current needs.

With authority to issue be-  
tween \$2,000,000,000 and \$3,-  
000,000,000 of obligations, as  
Congress may finally determine,  
officials explained the corpora-  
tion would probably go about  
obtaining funds as the need  
arose. Under such a policy, offi-  
cials declared, the corporation  
might begin with the issuance of  
between \$50,000,000 and \$100,-  
000,000 in short term bonds,  
maturing in 6 months or a year  
and with interest at the most  
favorable rate prevailing at the  
date of issue. At present the  
rate might be as low as 5 1/2 per  
cent on 6 months paper, it was  
said, altho shifting conditions  
would make the determination of  
the interest rate a matter for de-  
cision at the last possible moment.

As funds were needed for agri-  
cultural credits or railroad pur-  
poses, the corporation could con-  
tinue without flooding the mar-  
ket, it was said. As they mated  
they could be retired with the  
repayments from loans advanced  
by the corporation or by the pro-  
ceeds of new issues.

Altho the War Finance Cor-  
poration has a balance with the  
Treasury of nearly \$400,000,000,  
officials are disposed to call on  
the Treasury as little as possible.  
Presumably, officials asserted,  
the corporation would only use so  
much of its account with the  
Treasury as might be necessary  
for early advances and rely on its  
own bonds for the bulk of its re-  
sources.

PRESIDENT IS  
PLAYING GOLF  
IN NEW YORK

Plans to Start for Washing-  
ton on Mayflower  
Today

(By The Associated Press)

NEW YORK, Sept. 13.—Presi-  
dent Harding spent the afternoon  
at the Piping Rock club, Locust  
Valley, and at 6 o'clock tonight  
steamed away on the Mayflower  
for Gardiner's Bay. He will land  
at Southampton in the morning,  
go to the National Golf club for  
another round on the greens, then  
plans to start the return trip to  
Washington in the afternoon on  
the presidential yacht.

In the foursome this afternoon  
the President was paired with  
Howard F. Whitney, president of  
the United States Golf association  
against J. L. Replogle and Percy  
R. Pyne. It is understood that  
the chief executive and his part-  
ner lost. While the golf match  
was in progress Mrs. Harding,  
Secretary Weeks, Secretary  
Hoover and a number of club  
members played auction bridge.

Attorney General Daugherty is  
suffering from ptomaine poison-  
ing and confined to his stateroom  
on the Mayflower. His condition  
is not considered serious.

TWO HURT IN  
SCAFOLD COLLAPSE

Bloomington, Ill., Sept. 13.—  
J. W. Crawford, of Burlington,  
Iowa, is critically injured and  
George Iris of Oklahoma City is  
seriously hurt as the result of a  
fall from a four story building at  
Streator this afternoon. They  
are steelmakers and painters and  
had just finished painting the side  
of the Baker Brothers building  
and were preparing to come down  
when a rope slipped and they fell  
to the pavement.

Crawford struck on a loading  
platform and had both ankles  
broken, severe bruises on the head  
and probably internal injury.

final determination of the  
charges against the comedian.  
The organization represents more  
than six hundred theaters in  
Greater New York.

CONVICT WOUNDED  
TRYING TO ESCAPE

(By The Associated Press)

JEFFERSON CITY, Mo., Sept.  
13.—Joseph Kinney, one of four  
convicts who attempted to escape  
from the state prison today, is in  
a serious condition tonight from  
a body wound from the rifle bul-  
let of a guard.

On the other three, Dick Ken-  
nel, Elmer M. Hogan, re-  
ceived minor bullet wounds,  
while Sam Taylor escaped injury.  
The prisoners attempted to steal  
a locomotive at the prison yards  
under cover of guards' revolvers  
and rifles in their effort to es-  
cape. All have made previous at-  
tempts to escape. The four were  
engaged in prison factory duties  
when the locomotive entered the  
area of confinement. Two guards  
nearly were slugged and the con-  
victs took their revolvers.

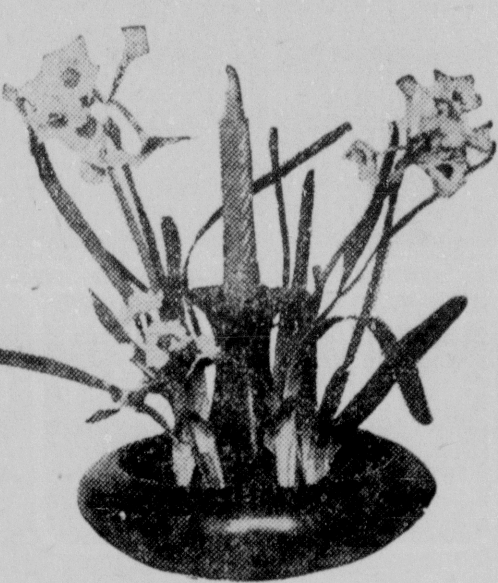

Patrols facing the prison walls  
showed the fleeing convicts  
with buckshot and bullets. The  
prisoners were overcome in a  
general fight as they tried to  
board the locomotive.

Order was maintained in the  
penitentiary during the shooting.

O'BRIEN IS NAMED  
AS ARBITRATOR

Detroit, Sept. 13.—Judge  
Patrick H. O'Brien of Houghton,

## Some Points in the State Law Relating to Liquor

By State Attorney Carl E. Robinson

Intoxicating liquor is defined so as to include alcohol, rum, brandy, whiskey, gin, beer, ale, porter, wine, and any spirituous, vinous malt, or fermented liquor, liquids and compounds whether medicated, proprietary, patented or not, containing one half of one per centum or more of alcohol by volume fit for use for beverage purposes.

The term "Still" is construed to include any mechanism, apparatus or device kept or maintained for the purpose of distilling, making or manufacturing intoxicating liquors which by any process of evaporation, separates alcoholic liquor from grain, molasses, fruit or any other fermented substance, or that is capable of any such use.

The law provides that no person shall manufacture, sell, barter, transport, deliver, furnish or possess any intoxicating liquor except for a medicinal or legal purpose as set forth in the act and only after having obtained a permit from the Attorney General.

Physicians holding permits from the Attorney General may prescribe liquor after a careful physical examination of his patients, not to exceed one pint for the use of one person for a period of ten days. Every physician who

issues a prescription shall keep a record alphabetically arranged in a book supplied by the attorney general and this book shall show the date of the issuing of the prescription, the amount prescribed, the person to whom issued, the purpose or ailment for which it is prescribed, and the amount and the frequency of the dose.

All persons manufacturing liquor for sale under a permit from the attorney general must attach to every container thereof a label containing the name of the manufacturer, the kind and quantity of the liquor contained, the date of its manufacture.

Every carrier that transports liquor must keep a record at the place of shipment of the receipt of the liquor showing who the shipper is. The agent of the common carrier is authorized to administer an oath to the consignee in verification of the copy of the permit presented and may require identification before delivering the liquor to him. The name and address of the person identifying the consignee shall also be kept in the record.

It is unlawful to advertise by any means or method the manufacture or sale of intoxicating liquor.

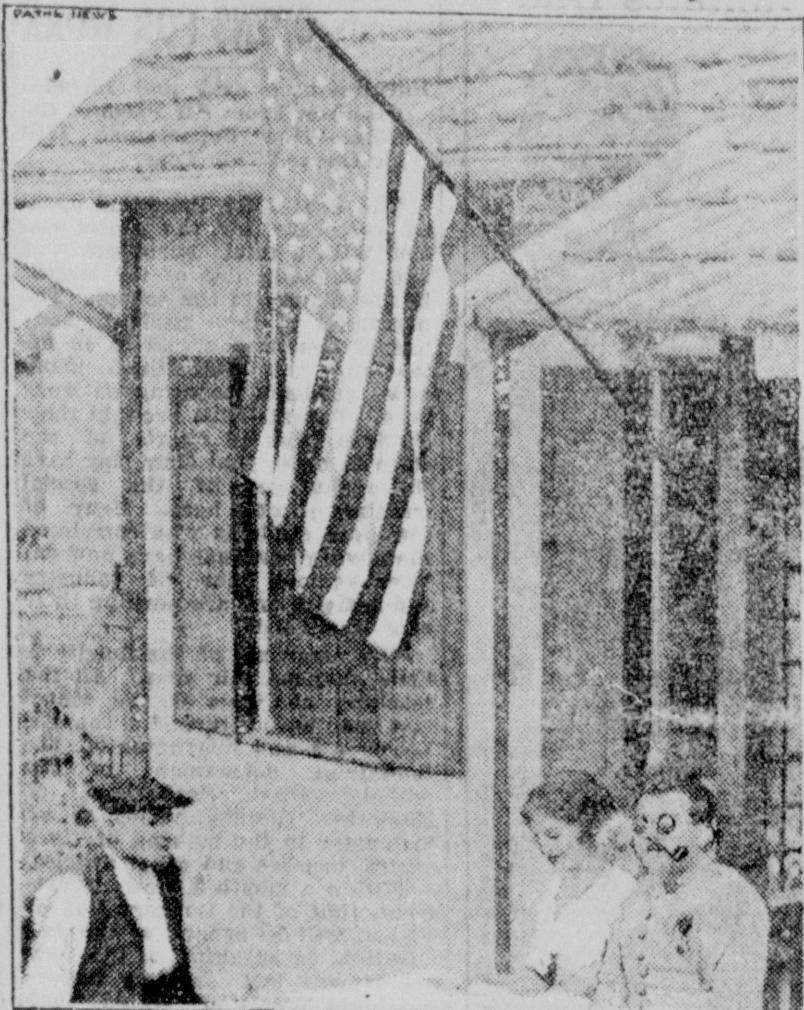

It is also unlawful for any person to solicit or receive or knowingly allow his employees to solicit or receive from any person any order for intoxicating liquor or give any information how intoxicating liquor may be obtained in violation of the law.

Any person who shall injure any person or property means of support or otherwise by any intoxicating person, whether resulting in death or not shall have a right to act against the person unlawfully selling liquor to the intoxicated person which may have caused or contributed to his intoxication. In any case where damages shall be entitled to such damages either the father or the mother may sue alone therefor.

Any room, house, building, boat, vehicle, structure or place where intoxicating liquor is manufactured, sold, kept, or bartered, or where any mash, still or other property designed for the illegal manufacture of liquor is kept and used in maintaining the same, is declared to be a common nuisance and a single unlawful sale or barter, or a single unlawful act of manufacturing liquor shall constitute a common nuisance.

If a person who has knowledge or reason to believe that his building, vehicle or place is occupied or used for the manufacture or sale of intoxicating liquor and suffers the same to be so occupied or

used, such building or vehicle shall be subject to a lien for and may be sold to pay all fines and costs assessed against the guilty person.

Any action to enjoin any nuisance in connection with intoxicating liquor may be brought in the name of the State of Illinois by the Attorney General, the State's Attorney, the City Attorney, or by any citizen of the county wherein such nuisance exists and no bond shall be required of the person instituting such proceedings. If any citizen shall start such proceedings the same shall not be dismissed unless such dismissal is approved by the State's Attorney in writing or in open court. And if the court is of such opinion that such proceeding should not be dismissed he may direct the State's Attorney to prosecute such cause under final declaration.

Complete equity jurisdiction, conferred upon all county courts, concurrent with circuit courts, may be exercised by such courts in any case where a person has been convicted of a violation of the prohibition law.

The State's Attorney of every county is responsible for the proper enforcement of this law and he shall use every means to secure the necessary and proper evidence of law violation. And it is the duty of all county boards to lend every possible assistance to the State's Attorney, Sheriff and other officers in the enforcement of the law.

A search warrant authorizing an officer to search buildings and vehicles and all places where intoxicating liquor is unlawfully manufactured, kept for sale or sold or where any still or other property designed for the illegal manufacture of liquor is kept provided a complaint is first made by a person who states upon his oath that he has just and reasonable grounds to believe and does believe that intoxicating liquor is manufactured, kept for sale, possessed, used, disposed of or transported, etc. The person making this complaint must state of his own knowledge what his reasons are. No officer can make the complaint for him and unless the complaint is made a search warrant cannot be issued.

Any officer of the law discovering any person in the act of transporting unlawfully intoxicating liquor in any wagon, buggy, auto, mobile, water or air craft, or other vehicle authorized to seize such intoxicating liquor with or without a warrant. And when intoxicating liquor is thus unlawfully transported the officer shall take possession of the vehicle etc., and shall arrest the person in charge thereof. The court may order a public sale of the property thus seized including the vehicle for the purpose of paying the fine of the guilty person.

Any person who manufactures, transports or sells liquor in violation of the law for the first offense shall be fined not less than one hundred dollars nor more than one thousand dollars and imprisoned not less than sixty days nor more than six months, or both, and for a second offense shall be fined not less than five hundred dollars, nor more than fifteen hundred dollars and imprisoned in the state penitentiary not less than one year nor more than two years.

There is a very common-sense and sound reason for such search warrants. A search warrant cannot be obtained merely because some one suspects or believes that there is liquor in a house or on a premises or sold at a given place. Before a search warrant can be obtained a person has to furnish personal and definite knowledge of the facts must make an affidavit that he believes and has reason to believe that an intoxicating liquor is being manufactured or sold at a given place. And he must further state in writing what his reasons are. Unless such reasons are reasonable and sufficient to convince the justice of the peace before whom the application is made a search warrant cannot be obtained. Merely because an officer or other person

## WINNER OF MANY PRIZES AT THE COLLEGE OF MUSIC

Miss Christine Cotner, who has just passed her fifteenth birthday and is the youngest high school graduate in the state of Oklahoma, completing the course in three years with high honors, is also very highly talented in music and dramatic art, and has arranged to study this year at the College of Music under Mr. Pearson in piano and Miss Horsbrugh in violin. She captured the follow-

ing prizes during her three years in high school.

In 1919 she won second place in the county oratorical contest and first place in dramatic reading. Second place in the county meet in violin and first place in violin at A. & M. college, Stillwater, Okla.

In 1920 she won third place in piano at Stillwater, Okla., A. & M. college, first place in violin at invitation meet at Jefferson, Okla., and first place in violin at

the Enid, Okla., festival.

This year, she won first place in the county contest in violin at Normal, Okla., state contest, thirty-three contestants, placed third in violin, eighty-one contestants in piano and reaching the finals.

Miss Clara Boone, a recent graduate of the Missouri Wesleyan college, will also enter the College of Music this year for advanced work under Director Pearson.

FORMER RESIDENT  
VICTIM OF HOLDUP

Norvell Scarlett and Young Lady Companion Are Robbed in Tower Grove—Loses \$18 Cash and Gold Watch.

Norvell Scarlett former student and resident here, recently had the exciting experience of being held up by regular holdup men in St. Louis in which city he now resides with his family.

Mr. Scarlett and a fair companion were strolling thru Tower Grove, which branches off of Michigan avenue, and the couple noticed that a suspicious looking pair loitered near them. The holdups passed them and they about forgotten the matter when they returned and one desperado accosted Norvell for a match. Norvell obligingly reached in his pocket for a match when the other robber pulled a gun and requested that they "stick 'em up."

Norvell did so and was relieved of eighteen dollars, a gold watch, and other trinkets of value. The robbers next turned their attention to his companion, who however had made good use of the few moments spared her. She had succeeded in removing a valuable cameo ring from the finger and had put it in her mouth. Then to distract the robber's attention, she threw her vanity case in the bushes bordering the walk. The man diverged to think it something of value and by the time he had returned she had secreted another valuable ring and also her wrist watch.

Having taken everything that they could lay hands on the holdups then bolted. Norvell's companion again showed her gameness when she directed him to run to a nearby police station while she followed the men. He did so but unluckily the girl lost track of the robbers.

The St. Louis police claim that Norvell and his companion have established a record, as they were the first holdup victims of the year in Tower Grove. "A dubious honor, indeed," says Mr. Scarlett.

LYNNVILLE ALL READY  
FOR HOME COMING

Citizens Will Celebrate by Hauling Materials For New Walks, Big Dinner at Neon Is Planned.

Plans of the people of Lynnville call for a home coming event today. The citizens of the village and of the surrounding territory will join in hauling sand and gravel for the extensive stretches of new sidewalks that are to be laid.

The materials will be hauled from Sandy Creek and it is the expectation that so many people will be working that during the day abundant quantity of sand and gravel will be assembled. At noon a big dinner will be served and of course this will be an important feature of the day's events.

Walter Duckwall is president of the board of trustees of the town, and other members are William Coultas, clerk; C. Dodsworth, treasurer, and trustees Carl May, William Stevenson, L. R. Cronk-hite, Lee Crouse, Edgar Martin and Simon Blackburn.

The citizens of Lynnville, both men and women, have been operating actively in preparations for both the hauling and the dinner. There will also be other features of this home coming day, and the whole program will be one calculated to not only improve sidewalk conditions, but to build up community spirit as well.

Miss Helen Graef, daughter of Mrs. Julia Graef, will leave today for Sioux City, Ia., where she will begin a course of study at Morningside college.

FUNERALS

Funeral services in memory of the late Frank P. Taylor were held Tuesday afternoon at two o'clock at the Reynolds Funeral Chapel. Members of the Elks lodge attended in a body and the U. C. T. was largely represented, the chapel being completely filled by the friends of the deceased.

Rev. T. H. Tull, pastor of Grace church in which Mr. Taylor had membership, was in charge of the services. The minister spoke particularly of various conversations he had held with Mr. Taylor in which the deceased gave evidence of his steadfast belief in the Christian religion. Mr. Tull spoke particularly of Mr. Taylor's pleasure in service, manifested in many unassuming ways.

Quietly Mr. Taylor went along life's journey attending to the affairs of business and at the same time finding opportunity for continued acts of kindness and charity. Mr. Tull read comforting passages of scripture and closed his remarks with an earnest prayer.

A quartette composed of Misses Cora Graham, Fern Haigh, Mrs. John L. Johnson and T. H. Rapp, sang "Rock of Ages," and "Abide With Me." Many beautiful flowers gave evidence of the sympathy of friends. The bearers were Messrs. Miller Weir, F. L. Sharpe, John M. Rule, Charles L. Reid, Joseph Burgess and A. D. Arnold. The funeral party left at 4:30 o'clock over the Chicago & Alton railroad for Bellefontaine, Ohio, where the interment will take place Wednesday afternoon.

DOKAYS PLAN  
WINTER'S WORK

At the first fall meeting of the Ilderim Temple No. 53 D. O. K. K. Monday evening, a large number of members were present and plans for the coming fall season were discussed. Among the discussions was the important Thanksgiving Day ceremonial. Several committees were also appointed to look after certain of the fall activities as follows:  
Membership—Frank Bracewell, Charles Godfrey and H. C. White.  
Dues and finance—Jewell E. Scott, W. J. Hauck and George Wiseman.  
Portland Club, 1923—James Guette, Jewell E. Scott, Charles Reinhardt and C. B. Magill.  
An entertainment committee will be named later.  
The trip to Chattanooga was discussed and an interesting account given by Jewell Scott. After the business session refreshments were served.

Missionary Society of State Street Church

The Missionary society of the State Street church met Tuesday afternoon in the church parlors. This being the first meeting of the fall it was in the nature of a Rally Service.

Mrs. Marbach led the song service and Miss Morey was the leader for the afternoon. Miss Morey is president of the society. Her subject was the Year in Prospect and she gave an inventory of the extensive holdings and work of the church as a whole. She then asked each member to take her share of the responsibility, outlining the three important needs of the church today. Study, Stewardship and Service.

She asked Mrs. Jaeger to speak on Study, and also Mrs. Robertson, Mrs. Tomlinson, Mrs. Foley and Mrs. Goebel on Stewardship, and Mrs. Swales on Service. Mrs. A. L. Adams was asked to speak on Community Work in the Church. Miss Cunningham, assisted by ten young girls gave an interesting recitation, "What a Dime Will Do for Missions."

After the close of the program the social hour followed during which lovely refreshments were served. The hostesses for the afternoon were: Miss Goebel, Mrs. Hackett, Mrs. Alkire, Mrs. Buhres, Mrs. Walter Crawford, Mrs. Heaton, Mrs. Pires Mrs. Thompson, Mrs. Johnson and Miss Ward-haugh.

MISS WEBER WILL  
WED LEONARD WOOD

Miss Anna Weber of this city is to become the bride of Leonard Wood of Chicago the last of this month. A pre-nuptial party was given in her honor last evening at the Carter home on Routt street. It was given by Miss Lillian Carter and Miss Mable Peterson. The occasion was a linen shower and is the first of several pre-nuptial parties to be given in her honor before the marriage.

The bride to be is the daughter of Mrs. Herman Weber of South Main street and is very well known here. Mr. Wood is the son of Mr. and Mrs. William Wood of West College street and is now engaged in business in Chicago. The couple will have the best wishes of many friends.

POSTPONE MEETING

The meeting of the Ladies' Aid of Brooklyn church scheduled for today has been postponed until Wednesday, September 21. The place will be announced later.

FUNERAL NOTICE

The funeral of Mrs. Hattie Wilkie will be held Wednesday afternoon at the family residence nine miles northwest of the city at two o'clock. Burial will be made in the Moss cemetery.

Mrs. Carl E. Black and Miss Marjorie Black left last night for a few days' visit in Chicago.

Rev. Spoonst will lecture at the First M. E. church at Concord, Thursday evening at 7:30 Sept. 15.

CLUBS AND SOCIETY

Birthday Party for Niece from Florida.

Mrs. Homer Haxby gave a delightful little party last evening in honor of her little niece, Miss Rowena Reagle of Tampa, Florida, who is visiting her aunt and uncle, Mr. and Mrs. Haxby, at their home on Howe street. A number of little children were the guests and they spent a happy evening with different kinds of games. The hostess passed dainty refreshments in the course of the evening. Miss Rowena plans to return to her home in Florida today.

Mrs. I. W. Eaton Given Surprise

Mrs. I. W. Eaton of 606 East Court street was pleasantly surprised by about forty neighbors and friends Monday evening in honor of her birthday anniversary. The evening was given over to games, music and dancing and Mrs. Eaton received many nice presents.

Mrs. O. F. Conklin Hostess to Society

The Missionary society of the Westminster church was entertained at the home of Mrs. O. F. Conklin on Mound avenue yesterday afternoon. Miss Margaret Moore read the paper for the occasion, which was on the Mormons. The members answered the roll call by giving some interesting fact about India. The program and discussion were followed with refreshments served by the hostess.

Those who enjoyed the outing were:

Mary DeWeese, Mary Knollenberg, Harriet Davis, Josephine Pyatt, Ruth Henderson, Pearl Jewsbury, Irene Smith, Blanche Turley, Elviah Shore, Velma VanHynning, Stella Ham-brook, Margaret Coffman, Anna-bell Crum, Katie Clarkson, Sylvia PPIper and Angie Short. They expect to make this an annual affair.

STARTS ON SCHOOL WORK.

Miss Jacobina Riecke, Morgan county Red Cross nurse, started yesterday on her regular school program for the year which requires several examinations of every student attending the public schools of the county.

Yesterday she examined the students in the Lynnville school. Miss Carter, of the Red Cross, also accompanied her to get an idea of what the work requires. Miss Riecke has 193 schools to examine.

RETURNS TO QUINCY

Mrs. Fannie E. Blatter has returned to her home in Quincy after a very pleasant visit of three weeks with her nephew and niece, Mr. and Mrs. Irvin Mann east of the city.

RESIDENCE PROPERTY

Deed was placed on record yesterday morning showing the transfer of property of described as part of lot 162 of the old plat by Mrs. Harriet King to Homer Haxby. This is the residence property on West College avenue, which is now occupied by Dr. Bradley and was owned by him until a recent sale to Mrs. King. In that transaction Dr. Bradley became the owner of the residence property at 1429 Mound avenue which he is to later occupy.

SCHOOL FOR BLIND  
OPENS FOR WORK

Enrollment Is 225 and Includes Children From All Parts of the State—New Department Will Be Opened This Year.

The School for the Blind opened yesterday for the winter session with a total enrollment of 225 students, one of the largest in the history of the school. The personnel of the student body has of course, changed to an extent and this fact finds many new students entering on work here. Parents have brought their children from all parts of the state in order that they may have the advantages of the special training offered here. Many of the older students who completed their work last year have now entered various lines of industry and activity and are earning their own livelihood.

The personnel of the faculty is little changed this year. All the teachers who were at the school last year have returned. There is however a new instructor in the industrial department of the school. Hugh Sutherland, of Kankakee, Illinois, comes as an instructor in the making of fibre chairs, brushes and other articles.

Within a month a new department, that of the Conservation of Vision, will be opened at the institution. In speaking of this new department last evening Superintendent Woolston stated that work in this branch will be commenced as soon as all the necessary equipment arrives. In this department children, whose defective vision prevents their attending the public schools, will be given special training. These children who are able to see well enough to read large print, will be given training that will enable them to use what vision they possess. The Braille system will not be used, all the work being done by sight. This new department requires special equipment part of which has already arrived at the school. An instructor will be named in the near future to head the department of Conservation of Vision and work will be started within the next few weeks.

FORMER RESIDENT IS VISITING HERE

Mr. and Mrs. Edward Bradbury of Cleveland, Ohio, are in the city for a few days' visit. Mr. Bradbury is a son of the late John Bradbury, for many years a resident of this city and at one time an alderman in the city council. For the past thirty years Mr. Bradbury has been a resident of Cleveland, where he is with the Electric Controller Manufacturing company.

He has prospered since leaving his home city but is glad to get back again, tho he finds many changes and not many faces he knew in the earlier days.

However, he sees great improvement in the business and residence districts of the city. He and Mrs. Bradbury drove thru and expect to start for their Ohio home probably today of Thursday.

RETURN FROM PLEASANT OUTING

The Philathea Circle members of the Central Christian church returned recently from a week's camping at the Rotary club cottage at Mercedosa. The party stayed in number had a very enjoyable time and took a nine mile launch trip up the river to La Grange locks. All of the girls helped with the cooking and the other various camp duties and expressed their gratitude to the Rotary club for maintaining a cottage of this kind.

Those who enjoyed the outing were: Mary DeWeese, Mary Knollenberg, Harriet Davis, Josephine Pyatt, Ruth Henderson, Pearl Jewsbury, Irene Smith, Blanche Turley, Elviah Shore, Velma VanHynning, Stella Ham-brook, Margaret Coffman, Anna-bell Crum, Katie Clarkson, Sylvia PPIper and Angie Short. They expect to make this an annual affair.

Never has there been greater local interest in golf, due partly to the fine condition of the grounds and further to the enthusiasm which the recent tournament created.

To Arthur M. Masters belongs the honor for establishing a new record on the Nichols park course, by making the score of 39-36-75. The previous record was held by Frank Burgess with a score of 37-39-76. It goes without saying that Mr. Masters is now playing with the most speed and skill that he has ever shown.

Judge Francis Baldwin, at one time president of the Jacksonville country club and an enthusiastic golf player, was recently on the local course, playing with him E. Farrell, J. W. Hubble and others. Judge Baldwin is a member of the Exmoor club in Chicago.

As indicated the championship tournament will be held in October and will be open to all contenders. Marcy Osborne is the present holder of the city championship cup.

DEATHS

Landers  
J. T. Osborne has received word of the death of his long time friend, Mrs. George Landers, who died at the home of her son, near Puyallup, Washington, recently. The family lived in this city a long time. Mr. Landers was at one time associated with Judge Edwards Scott in conducting the Morgan Mill. They went west a good many years ago and were well identified with the country. Mrs. Landers died some months since.

ASBURY CHURCH

FRY BIG SUCCESS

The Asbury church held its annual chicken fry last evening and had a record attendance of nearly six hundred. The weather conditions were favorable and the efficient church members had their hands full to take care of the enormous crowd.

The delicious menu was ably served by the committees appointed and many of the other members of the church were on hand to give all the help necessary. The co-operation of the whole church and committees made the affair the great success that it was. Those who attended came away with the conviction that it was one of the best chicken fries ever given in the county.

### PASTOR OF WHITE HALL CHURCH HAS RESIGNED

Rev. O. A. Carmean to Take Up  
Pastorate at Jonesboro, Ill.—H.  
S. Avery Buys Store Room—  
Other White Hall.

White Hall, Sept. 12.—At the  
Sunday morning service of the  
First Baptist church, Rev. O. A.  
Carmean tendered his resignation  
as pastor, effective October 15th.  
He will then go to the pastorate at  
Jonesboro, county seat of Union  
county, Illinois, located 120 miles  
south of St. Louis on the Mobile &  
Ohio railroad. There is a thriving  
Baptist church in this town of a  
thousand or more people.

It is difficult to write a news  
story of this sort without inquir-  
ing into the difficulty of churches  
that have the opportunity of the  
First Baptist church of White  
Hall. Rev. Carmean is a clean,  
capable and consecrated pastor.  
He has served perhaps longer than  
the average pastor, two and one-  
quarter years, and it is a matter of  
general surprise that he tenders  
his resignation. He goes to a field  
where the opportunities are prob-  
ably greater.

White Hall has a Baptist popu-  
lation that far outnumbers any  
other in White Hall. There are  
two Baptist churches here, it is  
true, but the Tabernacle church is  
without a pastor and the First  
church will soon find itself in the  
same situation. One Baptist ven-  
tures the suggestion that there  
are too many preacher members of  
the congregations, and that in  
the consequent trifling differences  
over matters of doctrine and scrip-  
ture, the purpose for which the  
church is dedicated is largely lost  
sight of—that of building up an  
interest in the promotion of the  
higher interests of the commu-  
nity and making the church an in-  
fluential organization for the gen-  
eral uplift. When devoted largely  
to doctrinal differences, there re-  
sults a spirit of fault-finding  
wherein the good things are lost  
sight of and the young people are  
discouraged in church work, and  
as a consequence the good  
things that need nourishing gradu-  
ally fade away. The promotion  
of church affairs must be put forth  
from a new angle. The First  
Baptist church is not the only  
church suffering from a seeming  
lethargy on the part of the general  
public; it applies to all the  
churches. In White Hall there is  
a go-to-church movement that  
would profit the churches by be-  
ing taken advantage of. It is ab-  
solutely undenominational, hav-  
ing a high conception of the value  
of the church to the community if  
they will embrace more the Chris-  
tian spirit and forget churchism.  
This organization has prepared a  
survey showing that there are not  
too many churches in White Hall,  
and that if the general public  
could be induced to attend upon  
religious worship regularly the to-  
tal present seating capacity of all  
the churches would be inade-  
quate.

This movement by non-church  
members to help the church re-  
turn to its full influence and use-  
fulness did a sample job during  
the summer by agitating a class  
movement in the First Baptist  
Sunday school against the greatest  
obstacles. Not only was the  
weather sizzling hot, but it was a  
time when the public mind was  
distracted by baseball and other  
outdoor summer attractions, yet  
the effort increased the attend-  
ance of this one class from three  
to fifteen, after which the effort  
ceased and the attendance drop-  
ped back to the original three.  
This was in behalf of the E. L.  
Wendell class, and the effort had  
merit in the fact that Mr. Wen-  
dell's lesson lectures are worthy of  
the largest hearing every Sunday  
morning. Now the class proposes  
to handle the matter by organiz-  
ing itself into a working body and  
issue weekly bulletins and circulars  
concerning the lessons and the  
various activities of the class in  
a way that will gradually per-  
meate the entire Sunday school  
and be something for other Sunday  
schools to profit by. The object  
will be to break down the barriers  
of prejudice and factionalism  
that is retarding the progress of  
Christianity by preventing the  
proper functioning of the church,  
and the results will be watched  
with interest.

F. M. Mytinger in Critical Con-  
dition.  
Francis M. Mytinger is in a  
critical condition at the home of  
his daughter, Mrs. C. A. Ruckel,  
on North Main street, as the re-  
sult of a stroke of apoplexy. The  
stroke came upon him last Friday  
night, and he has been in an un-  
conscious condition for the past  
48 hours. Mr. Mytinger is one of  
the old business men of White  
Hall, and since his retirement a  
few years ago he has been alter-  
nating between White Hall, St.  
Louis and Los Angeles. He will  
be 80 years of age next December  
if he survives. He is one of the  
well known men of this section.  
During the Civil war he was a reg-  
imental officer, serving as adju-  
tant of the 61st Illinois.

After being located in one spot  
for a period of thirty-nine years,  
H. S. Avery has purchased the L.  
N. Ballard wall paper store room  
on the west side of Main street,  
and will vacate his location on the  
east side, immediately south of the  
First National bank. Mr. Avery  
ranks second in continuous busi-  
ness in White Hall. He came  
from Winchester in 1877, where  
he is a native, and was connected  
with the old Grange store for five  
years, when he engaged service  
with the late C. Weitzel in 1882  
and installed the first stock of  
goods in the then new store build-  
ing that he now vacates, having  
paid sufficient rent in that time  
to have purchased the building  
several times. He drifted into  
the exclusive gents' furnishing  
goods business following the death  
of Mr. Weitzel sixteen years ago,  
and his place has always been the

mecca for the returning White  
Hall boys, including those who  
rank among the rich and grand,  
and the "Stove in Avery's Store"  
has been paraphrased and immor-  
talized by the pen of W. G. Ehey,  
B. F. Mann and others, the former  
having contributed a verse about  
the time the deal was made that  
breaks up the old haunt. Mr. Av-  
ery has not employed a clerk for  
years. When meal time comes he  
locks the store, and his custom-  
ers have become so accustomed  
to the practice that it has been  
maintained. Avery is a man of  
sterling honesty, and many fine  
traits of character could be recited  
with inspiration to the reader.  
His interest in politics is intense,  
and Democrats as well as repub-  
licans delight to hear the honest  
ring in his unrestrained declara-  
tions in behalf of the republican  
party and Theodore Roosevelt.  
Mr. Avery ranks second only to  
Charles Richert in continuous  
business in White Hall. Mr. Rich-  
ert came from St. Louis in 1875,  
and less than one year later en-  
gaged in the barber business on  
his own account, in which he is  
still engaged on the west side of  
Main street, immediately north of  
the Ruckel building.

### SCHOOL DISTRICT WITHOUT PUPILS

LA PORTE CITY, Ia.—(By A. P.)—A school district without pup-  
ils is disclosed in reports by  
school officers to H. C. Moeller,  
county superintendent of Black  
Hawk county.

The school district is number  
four, Big Creek township, in the  
southern part of the county and a  
census shows that there is not one  
child of school age, five twenty-  
one years.

Iowa laws do not permit any  
outside power to force this dis-  
trict to join with another district.  
Hence this district is hailed as the  
taxpayer's paradise, for without  
the school levy the tax is compara-  
tively light.

E. M. Myers of La Porte City,  
secretary of the district, reports  
that there is no school building,  
no teacher, no school board, no  
tax, no one of school age. Ac-  
cording to the report the school  
district is an entity almost with-  
out existence. No one in the dis-  
trict is deaf and dumb or blind.  
There is but one freeholder living  
on his land in the district with his  
wife, and they have no children.  
The few other residents are ten-  
ant farmers without children.

Years ago a school was main-  
tained, but most of the pupils  
came from just over the line in  
Benton county. Since that time  
no one has attacked the legality of

### Many Children's Eyes Need Help

Now is the time when the  
children with weak eyes or  
defective vision should be  
brought here for a careful  
eye examination. School

About Your Battery

Batteries will wear out—  
nobody can stop that, but  
in a good many cases the  
embarrassment would be  
less if the owner knew his

### CHICAGO LIBRARY HAD ORIGIN IN GREAT FIRE

Second Largest Library in World Owes Its Start to British Sympathy for City Stricken by Disastrous Fire.

Chicago. — When Chicago this fall observes the 50th anniversary of the great fire that destroyed this city, it will recall that its public library, now the second largest in the world, was born in that conflagration. The library owes its start to British sympathy for the stricken city which found its expression in books.

The prime mover in England was Thomas Hughes (author of "Tom Brown's School Days"). His proposal resulted in 12,000 volumes besides a sum of money being sent here from Great Britain. The children's room in the library is called the "Thomas Hughes Room."

The chief prize of the Chicago public library is an autographed copy of "The Early Years of the Prince Consort" that Queen Victoria sent. It was a volume of memoirs of her husband that she had compiled. The Queen inscribed it for Chicago on Nov. 13, 1871, five weeks after the fire of Oct. 9 and long before a city library had taken shape here.

Made Appeal to British. Hughes had visited Chicago several years before the fire and made a number of friends. On hearing of the disaster he enlisted Queen Victoria, Gladstone then premier, others high in the government, authors such as Carlyle and Disraeli, and leading publishers. They joined their names to a circular of appeal to the people of Great Britain.

Support was urged on the ground that "the new library of Chicago is to be a mark of sympathy now and a token of that sentiment of kinship which, independently of circumstances and independently of every other consideration, must every powerfully affect the different branches of the English race."

The appeal was at once taken up by the British press. A noted publisher at Leipzig began the collection of books in Germany. A thousand volumes were sent by the Germans.

This activity abroad led the citizens of Chicago to bestir themselves. Hughes and his associates took it for granted that Chicago had had a public library and that it had been destroyed. They supposed they were helping to replace it. They had, however, been none of this before.

Library Tax Authorized. Chicago began to take the necessary steps to start a library. On April 3, 1872, six months after the fire, the city council passed an ordinance for a free city library. The city then got a law thru the legislature authorizing a library tax.

After its fearful experience, Chicago felt no place would be proper to receive the precious books from abroad except one that was thoroughly fireproof. The only fireproof thing left in the city was an abandoned iron water tank that had served as a reservoir for the south side. It was 60 feet in diameter and 30 feet high. It was roofed over, a hole cut in the side for a door, shelves built around its curving sides, and turned into a library. There during 1872 and 1873, 12,000 volumes received from English contributors and elsewhere were stored, and in May, 1874, the library proper was opened.

British Contributions. The British contributions included autographed books of Gladstone, Herbert Spencer, John Stuart Mill, Disraeli, Carlyle, Kingsley, Huxley, John Bright, Lyell, Freeman and Rossetti. Lady Trevelyan, sister of Macaulay, autographed a set of his works she had edited. The British government sent 4,000 volumes, including a calendar of state papers with a copy of the "Domesday Book." Oxford University bound several thousand volumes with its best binding, and Cambridge University and great British publishers contributed liberally. The British patent office put the Chicago library on its mailing list and is still sending its publications.

A number of the autographed volumes have been preserved in a memorial collection.

Out of his start the Chicago public library has grown to a collection of 1,100,000 volumes. Its annual circulation is 8,000,000 which places it ahead of any library in England.

GRATEFUL WOMEN. Gratitude and appreciation for health restored by that good old fashioned root and herb medicine, Lydia E. Pinkham's Vegetable Compound, is what prompts so many women from all parts of the country to write to the Lydia E. ## PUBLIC IS URGED TO HEED NATURE'S WARNING

Thousands of People Suffer Permanent Loss of Health Because of Neglect—Nature Has Set the Danger Signals for Us and We Cannot Afford to Pass Unnoticed the Warning That She Gives Us.

Good digestion means good health; bad digestion means bad health.

A sound stomach is worth a hundred times its weight in gold. Probably eighty per cent of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent, but is one of the most difficult to treat of all present day diseases, and has for years baffled the skill of leading specialists everywhere.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an overworked liver, with all the symptoms of biliousness, followed in turn with headaches, coated tongue, nausea, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms. Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction; the same theory should apply to stomach trouble.

Gas in the stomach means fermentation instead of digestion; decay, instead of nutrition for fermentation produces poisons, which are absorbed by the blood, and which frequently bring on the condition known as auto-intoxication or self-poisoning. This is also why we develop acidosis, which brings on so many complications such as rheumatism, hardening of the arteries, high blood pressure and other conditions which may mean permanent loss of health. Acidosis is one of the main forerunners of Bright's disease and diabetes, hence it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

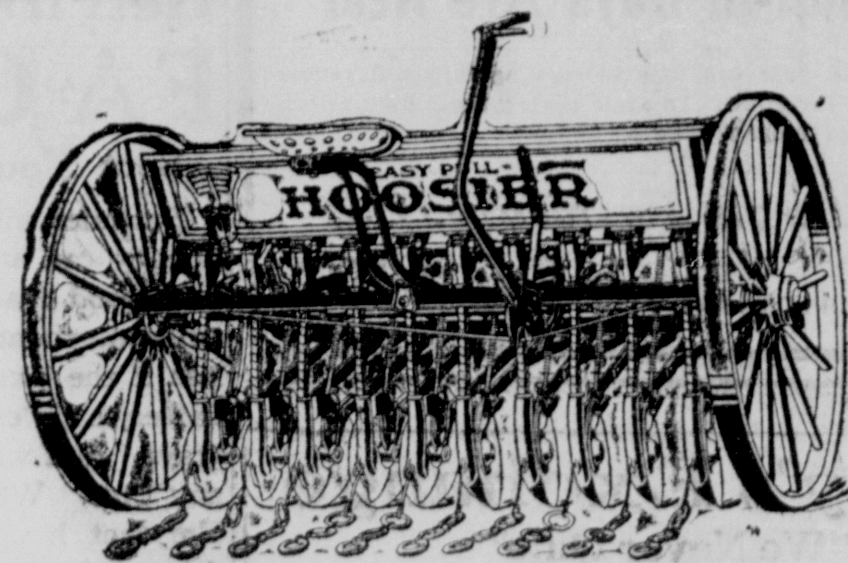

If we are not as fit as a fiddle in the morning; if we don't feel better than when we went to bed; if our breath is offensive; and we have that bad taste in the mouth; nature has set the danger signals for us and we cannot afford to neglect the warning that she gives us. That is just why Tanlac, the great Stomachic, Systemic and Reconstructive tonic has broken all World's records. The American people have learned that it probably provides the surest, safest, and quickest remedy for all such troubles, and millions upon millions have taken it with the most astonishing and gratifying results.

Tens of thousands of men and women of all ages and in all walks of life afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse have testified publicly that they have been fully restored to their normal health, strength and weight by its use. Still others who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, coated tongues, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and terribly dejected, depressed feelings state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by Tanlac.

NOTE: Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac Treatment wherever constipation is present.

You cannot hope to get satisfactory results without first establishing a free and regular movement of the bowels. It stands to reason that no treatment can do you the greatest amount of good when you are suffering from constipation or biliousness, or when your system is clogged up with waste products and poisons. Tanlac and Tanlac Vegetable Pills are sold by leading druggists everywhere.—Adv.

## KILBANE WILL DEFEND TITLE

Will Meet Danny Frush at Cleveland Next Saturday—First Time Champion Has Engaged in Championship Bout Since 1916.

CLEVELAND, O.—(By A. P.)—When Johnny Kilbane, world's featherweight champion, steps into the ring at Dunn's Field here on the afternoon of Sept. 17 to face Danny Frush of Baltimore in a twelve-round bout to a decision, it will be the first time he has defended the title since he knocked out George Chaney at Cedar Point, Ohio, Sept. 4, 1916.

Kilbane is to receive \$60,000 for his win, lose or draw—or possibly more, as he is working on a 50 per cent basis. This is said to be the largest amount ever guaranteed to a boxer below the heavyweight rank and very few heavyweights have received that much for a championship match. Frush is to receive \$25,000—his training expenses.

Kilbane was 32 years old last April. Despite this supposed handicap, he is confident he will retain his title. Frush is twenty-two or about a year younger than Kilbane was when he wrested the championship from Abe Attell on February 22, 1912, at Vernon, Cal.

Although Kilbane's title has not been at stake for five years,

## ZUPPKE LOOKING FOR QUARTERBACK

Durant and Walquist Are Thought to Have Best Chance—Majors Also Looked on to Make Showing.

URBANA, Ill.—University of Illinois sport followers are watching two candidates for Coach Robert Zuppke's football team this fall. They are Phil Durant and Herrig, both juniors and backfield men.

Durant was ineligible last season on account of scholastic ban, but has worked off his deficiencies. Herrig is from Iowa and was kept off the squad as a result of the one-year residence rule in the Big Ten.

It may be that Durant will be shoved into the breach at quarterback left vacant by the graduation of Bobby Fletcher. This little fellow, who won the championship for Illinois two years ago by sending over a place kick in the last eight seconds of play against Ohio, reports shortly to Findlay, Ohio, as director of athletics in the high school there.

Durant knows football. He can punt, is wonderfully adept in the open field or on the tossing end of a forward pass, and during spring practice was one of the mainstays of the secondary defense. Captain Walquist is also being mentioned for the job, but Zuppke likes the younger lad, especially as he will have another year on the team.

With Freddy Majors out, for the time being, the result of a wrenched knee, it appears today as if Walquist and Durant will find the contest between them for the quarter back position, at least for the start of the season.

Herrig is exactly the type of player who should fit nicely in the backfield, with Don Pedan as Herrig is a smashing old-style battering ram, always dependable when yardage is needed. Paired with Craggie, another clashing driver, Herrig may cause Zuppke to alter his attack somewhat this season.

Previously the Illinois mentor has relied on speed and open formations. But Carney and Hellstrom are both injured, which upsets a clever passing combination with Walquist on the throwing end. Both are expected back by the Michigan game on October 29, together with Majors.

All during spring sessions open play was avoided. Straight hard plunging was the order. And that is the attack, mixed with crisp, crossed-backs and combinations such as Zuppke is clever at which fans anticipate may bring a title here again this year, for the fifth time since Zuppke took charge in 1914.

Returned from a long Memorial Stadium speaking tour to the coast, the coach says little about prospects, but he appears to feel well pleased.

### ANNUAL BANQUET AT WHITE HALL CHURCH

Members of Christian Church held Annual Banquet—Auto Accidents Numerous in Greene County—Other News Notes.

White Hall, Sept. 10.—The annual banquet of the Christian church was held Thursday evening in the spacious and commodious banquet room of the Presbyterian church, at which there were 300 present, and it was a most notable congregational event. At one table were seated the board, the college students and teachers leaving the community; a table for young folks, another table for the visitors from Roodhouse, Carrollton and elsewhere, and two tables were provided for the children. A girls' chorus sang between courses. The feast was followed by a short and snappy business session, at which were presented reports of the treasurer and the auxiliaries, and then a consolidated report by the pastor, Rev. Charles Ross, showing \$2,987 expended during the past year.

The budget for the new year was presented by S. G. Sykes and Dr. W. H. Garrison presented a plan whereby in the two hours that the home-coming service will be held next Sunday afternoon the entire budget of \$3,000 will be raised. The board made some recommendations and there was an election of officers and trustees. Dr. F. N. Norton spoke words of farewell to the members leaving for college and teaching work.

Thanks were extended to the committees in charge and to the Presbyterian church for the use of the splendid accommodations. Pastor Ross, of Carrollton, a brother of the White Hall pastor, and Peter Crow, of Roodhouse, were present. Judge and Mrs. Thomas Henshaw and Mr. and Mrs. W. C. Barnett were present from Carrollton. Mrs. Henshaw being a charter member of the White Hall Christian church.

### DIYING GUNMAN MADE CONFESSION OF GUILT

Former Scott County Resident Told North Dakota Minister He Shot to Kill.

The Fargo (N. D.) Forum recently published a story of the death of Charles A. Cooper, who had been shot by a man who had attacked a special agent of the Sioux railway. Cooper in a confession to a Methodist minister just before his death said that his home was formerly in Scott county. The story in the Fargo paper, which was sent as a despatch from Harvey, was as follows:

"Harvey, N. D.—I intended to kill him when I shot. I missed him five times and then he got me. I had it coming," was the confession made by Charles A. Cooper, the transient shot at Harvey by Special Agent Davis of the Soo railway, just before he died. He had asked for a minister and made a confession of the Rev. Mr. Flayer, pastor of the Harvey Methodist church.

"Cooper told the minister that his wife was at Menoken, Burleigh county, N. D., and when local authorities telephoned her she advised them to communicate Cooper's relatives in Scott county, Illinois. The latter has wired to have the remains held pending the arrival of the deceased man's brother, William Cooper, of Plano, S. D.

"Cooper was shot Friday night after he had fired five shots at the Soo railway detective. Davis was walking alongside the train and noticed Cooper on the tender just as the man started firing at him. Davis fired three times, each shot taking effect.

"The victim was 24 years old, but declined to give out any information about himself other than to tell where his wife could be located."

### THE COLLEGE OF MUSIC OFFERS UNUSUAL OPPORTUNITIES IN CLASS INSTRUCTION FOR BEGINNERS IN PIANO AND VIOLIN AT A NOMINAL FEE. THOSE WHO ARE INTERESTED WOULD DO WELL TO CALL DIRECTOR PEARSON AT THE ILLINOIS WOMAN'S COLLEGE.

OBITUARY.

Annie Dear Criswell, resident of the Franklin community for years, fell asleep, Friday, Sept. 9, at noon after an illness of ten weeks' duration.

Annie Dear was the second child of Edward and Margaret Dear of London, England and with her parents, came to America in May, 1856. She was united in marriage with William N. Criswell, Feb. 22, 1866, who passed away in 1909, after 43 years of happy wedded life. God blessed their union with three sons and three daughters. Mrs. William Oxley, Miss Alice and Miss Maud of Franklin, and sons, Charley, of Franklin, Oliver, of Trinidad, Colorado, and three grandchildren survive, while one son, Elmer, was taken in infancy.

Two sisters also, Mrs. Nellie Sawyer of Chester, Neb., and Miss Alice Dear of Jacksonville, and T. E. Dear of St. Joe, Mo., survive.

Mrs. Criswell gave her heart to God when a child and was a charter member of Durbin church. After her marriage her membership was transferred to Providence of which she was a most valuable and loved member at the time of her passing.

The home of the Criswells was the home of the preacher and all thru their lives the interest of the Kingdom was on their hearts and received their generous support.

The ill health compelled her, absence from the place of worship in recent years, her faith never wavered and her life was a benediction to her loved ones and many friends. For weeks, her sons and daughters have been constantly by her bedside, giving every loving attention possible. Mrs. Criswell in suffering as well as in health was sweetly resigned to her Heavenly Father's will and slipped from their arms quietly into those of her Redeemer.

Her passing brings a shadow over the whole community, but for her, the dawning of the eternal day and a crown of righteousness.

Funeral services were held Sunday afternoon at the residence, in charge of her former pastor, Rev. J. W. Kettle, of Columbus, assisted by Rev. Graves.

The many beautiful flowers were cared for by Mrs. A. H. Wright, Mrs. Elizabeth Scott, Mrs. J. W. Kettle, Mrs. Tom Smith, Mrs. George Brown, Mrs. Robert Sheekleton.

A quartet composed of Miss Blanche Harney, Miss Ruth Tulpin, J. E. Williamson, Elgin Olinger, accompanied by Grace Armstrong sang "Shadows," "Going Down the Valley," "Near My God to Thee," and "Misses Tulpin and Harney whispering home."

The pall bearers were: George Brown, George Haynes, George Darley, F. T. Miller, William Wayne and Robert Sheekleton.

UNITY PRESBYTERIAN CHURCH OF WOODSON

The work of the Unity Presbyterian church has commenced well for the fall and winter. The Christian Endeavor hamburger and ice cream social last Friday was a fine success, they took in over \$40. Our Sunday school superintendent, Chester Coiton, and the pastor took the boys of the Sunday school for a fishing trip to Valley City last Saturday and the fish preferred to stay in the river the boys had a good time, the ride and a visit to a watermelon patch no doubt made up for the fish not biting. Our Sunday morning services are very much enjoyed by the children and adults, the children's object lessons are proving a helpful feature; children please remember next Sunday is Enlistment Sunday for church attendance, come and get your card and button.

The pastor and William Colton will attend Springfield Presbytery this week. Next Saturday will be our Sunday school picnic and we plan a great time, committees are planning for it, and the children can enjoy a hay rack ride while cars will be provided for old or young who wish to ride thus. Edward Hembrough has given us the use of his timber just north of Hugh Voorhees's farm, we leave the church at one o'clock prompt, ice cream, etc., will be on sale and a basket lunch and all kinds of sports will be enjoyed. Sunday week, Sept. 25, will be rally and homecoming day and harvest home included. All our friends having flowers, fruits or vegetables, corn, sheaves of wheat, etc., either bring or send them or notify the pastor to call. Each Sunday evening Unity will unite with the Christian church during their special services.

—ARTHUR E. POWELL, Pastor.

**PUBLIC SALE**

J. L. Henry will sell 50 head of strictly Big Type Poland China gilts, boars and bred sows, Thursday, September 15, commencing at 12:30 p. m. sharp, at his brick sale barn, Woodson. Mr. Henry won more premiums at the county fair than any other Poland China exhibitor in the county. No more popular blood lines can be found than in this herd. Buy your boy or girl a pure bred pig and start them right.

**ARE SPENDING WEEK AT MEREDOSIA**

Misses Lillie Laxton, Miss Celestia Eldridge and Mr. and Mrs. Thomas R. Martin are spending the week camping at Meredosia.

WEST VIRGINIA HOME OF FEUDS

For More Than Century Has Been Scene of Much Lawlessness—People Most Primitive in United States.

LOGAN, W. Va.—(By A. P. Mail.)—The southern section of West Virginia, scene of the present conflict between miners, residents and public authorities, has been noted for its bloody conflicts, feuds and lawlessness for a century.

The picturesque mountain section, comprising the counties of Wyoming, Logan, Mingo, McDowell and Boone, has rarely been without some sort of warfare or smouldering quarrel, likely at any moment to burst into the flame of rifle fire.

Hemmed in by rugged mountains, the early settlers were cut off from the outside world and succeeding generations have so remained to a more or less extent. Roads are few, travel is slow and tedious and the advance of civilization has skirted this mountainous region until today it has gained the reputation of being one of the most primitive sections east of the Mississippi river.

From the early period when the hardy mountaineers fought the Indians until today, the inhabitants have had a tendency to take the law into their own hands and to mete out justice according to their own ideas. This, no doubt, has been due in part to the fact that law and order have been a hard struggle to gain a foothold in a section sparsely settled, almost impossible during the winter months and often almost entirely cut off.

**Inhabitants Mountaineers.**

Except for the small towns, the inhabitants for the most part are mountaineers. Many live in log cabins, and combine farming on a small scale with fishing and trapping. Schools and churches are few and far apart. Many children do not attend school, others have the advantage of a six months' term.

Probably one of the first affairs of the section to gain the attention of the outside world was the Hatfield-McCoy feud, which continued intermittently for the greater part of half a century.

Few of the many feud killings resulted in prosecutions and fewer still in convictions. In many cases it was found almost impossible to obtain juries as practically every inhabitant knew the feudists or was related.

The section, like some other mountainous regions, also became known years ago as a stronghold for moonshiners. Revenue agents and state prohibition officers have had almost innumerable clashes with mountaineers when they penetrated the region in search of "mountain dew." Often they were successful in seizing stills and illicit liquor, seldom, however, did they bring back prisoners for the mountaineers, according to the revenue agents had an intelligence system of their own and their coming was usually heralded long before their arrival.

**Mingo County Bloody Ground.**

The Mingo coal fields, however, have proven the latest and most bloody ground of conflict. This trouble started with efforts of the miners' union to unionize the Mingo fields, almost the only coal section in the state not organized.

The operators resisted and at first the miners themselves showed slight enthusiasm. There were frequent clashes between union and non-union miners. Many of the mines were closed down, union miners began to picket the mines and the operators retaliated by evicting union miners from company houses.

It was such an affair that resulted in the noted Matewan "trigger" fight in which a number of citizens of Matewan, including the mayor and several private detectives employed by the mine operators, were killed.

Nearly a score of Mingo men, including Sid Hatfield, were indicted in connection with the death of one of the detectives. Weeks were spent recently in obtaining a jury and other weeks in trying the case. The accused were acquitted. In the meantime there had been other acts of violence. Miners from outside the region had been brought in and often the situation was beyond the control of the state police and the county authorities.

At various times state and federal troops have been sent to the section and maintained order under martial law.

CONCORD LADIES AID PLANS DINNER

Will Give Dinner Thanksgiving Instead of Usual Bazaar and Supper—Other Concord News.

Concord, Sept. 12.—The ladies of the M. P. church have decided that in place of having the usual bazaar and supper which has always been held in the Nichols garage for the past two years, they will hold a Thanksgiving dinner this year. There will be services in the morning and at noon, a Thanksgiving dinner which will be followed by a bazaar and market and a rummage sale.

Walter McCarty and Fred Enlebach were in St. Louis on business Monday and Tuesday.

Walter E. Rigg of Springfield was a business caller in concord Wednesday.

Mrs. Lydia Englebach, of Arenzville visited her sister, Mrs. H. B. Reutschler, Tuesday.

Rev. J. L. Wallace is attending the conference at Canton this week.

Miss Grace Whitlock has returned from a two weeks' visit with her brother and wife in Rolla, Mo.

Mrs. J. L. Wallace entertained the M. P. church ladies' aid Thursday afternoon. About fifteen were present and one visitor. The next meeting will be with Mrs. Fred Ginder and Mrs. Blanche Stone September 22.

CARELESSNESS IS CAUSE OF MOST ACCIDENTS

Chicago. — Workingmen and not the machines they work with, are their most worst enemies when it comes to personal injuries, according to statistics of the Illinois industrial commission for the year ending July 1, 1921.

This confutation of the popular belief that factory machines are the greatest hazards of workers is clearly shown, Robert A. Schneider, attorney for the commission, said, when any one of the classes of injuries is considered.

"Machinery caused only 545 fractures in the year," Mr. Schneider said, "whereas falls by workmen thru personal accident, caused 1,312 fractures, and falling objects caused 1,137. In this instance machines caused less than half the number of injuries of either other classification.

The same is observed of figures compiled showing causes of bruises and contusions. Machines caused only 696 such injuries, while falls caused 1,514 and falling objects caused 2,399.

"This proves," Mr. Schneider said, "that elemental forces are responsible for far more accidents than machines."

Chicago.—Hands of the workmen in Illinois are injured more often than any other parts of the body, according to statistics compiled by the Illinois industrial commission. In the year ending July 1, the commission granted compensation for 3,849 injuries to workmen's hands. Injuries to arms were also granted for 2,362 eyes injured, 1,191 arms and 1,372 wrists. The first joint of the thumb was injured 1,263 times, and 894 hernias were caused.

BELGIUM RESIDENTS FEARED ANOTHER WAR

Cannoning Brought People From Beds—Forest Fire Exploded Ammunition Dumps.

DIXMUDE, Belgium—(By A. P.)—The inhabitants of Lange-marck, Clerkem, Staden, Woumen and other villages bounding the forest of Houthulst, were startled out of their sleep one night recently by a furious cannonading which brought them scurrying out of their more or less repaired dwellings and in search of dug-outs as they used to do during "the four terrible years," as they were called in West Flanders.

The peasants around the forest have become experts in artillery and the barrage that night, they say, was something more terrific than they had ever heard during the war. First there came volleys of the familiar German seventy-sevens, Austrian eighty-eights in which there would reply the rapid staccato of hundreds of batteries of French seventy-fives. The forest of Hout hult was ablaze and owing to the protracted drought fire was spreading with furious rapidity.

Then cavalry arrived on the scene. They were Belgians from this battered town, come to fight the forest fire.

"Has it come again, the war, sir?" a trembling old woman asked of the Captain.

Suddenly the cry was heard: "Gas!" and there was a stampede. The soldiers began to distribute gas masks and thruout the night, peasants and soldiers, armed with spades, shovels and picks dug a trench that the fire might be stopped before it reached the huge ammunition dumps left by German and allied troops in the center of the forest, millions of shells of all kinds, almost enough it was said, "to blow West Flanders into the North Sea."

By morning the fighters had the upper hand on the fire which was vanquished about 100 yards from

cue of the largest dumps, but meanwhile about 1,000,000 shells of all sorts exploded. They were in four separate dumps and of four square miles of the forest where they had been located nothing remains but a few trees, like bare spars swaying in the wind.

As the sun arose old peasants could be seen going to their fields for the harvest as if nothing had happened.

**The most marvelous machine in the world—and how it is neglected**

**A**WAY back in the school books was a lesson on physiology.

Rather dull as a lesson. Yet it was the story of the most marvelous machine ever created—and how the machine gets its power and does its work.

That machine is the human body.

Some day the mechanical expert of this machine—the doctor—finds out for us where we have missed the lesson and neglected the machine.

**GRAPE-NUTS** food was made in accordance with the school book lesson on what the body needs and how its needs may best be supplied.

It is possible for a delicious food to be a scientific, "power" food. Grape-Nuts is such a food.

**Perfecting Natural Gifts**

Twenty hours of continuous baking has done certain wonderful things to the nourishing properties of whole wheat and malted barley flour, from which Grape-Nuts is made—and has produced a food in the form of crisp, golden-brown granules.

You chew Grape-Nuts thoroughly.

The rich, sweet flavor of Grape-Nuts is the reward of chewing. Nature meant the teeth to be used. Primitive people, who keep the natural teeth sound and perfect to old age, are eaters of food which requires chewing. Grape-Nut gives the teeth work to do.

Perhaps you remember a little of the physiology lesson, now—how the salivary juices respond when the food is thoroughly chewed—and the first important step in digestion is taken.

**Life-Giving Properties**

Wheat and malted barley are richest of all grains in the food elements required for human use. In Grape-Nuts all the essentials provided by nature in these grains are retained and perfected. The long, slow baking process which produces Grape-Nuts turns the grain's starches into natural sweetness and breaks up the nutritive solids into forms easily assimilated by the body.

The exceptional nourishment from Grape-Nuts is secured with no tax upon the digestion.

**Penalties for Mistakes**

When the doctor, as the mechanical expert of the bodily machine, comes to give advice in case of trouble, he finds that harm as well as good, often has resulted from food.

"Starchy" foods have been the subject of many warnings. Food which passes too slowly through the digestive tract causes disturbances to which much of the slowing down, wearing out, and failure of the bodily machine is traced.

A characteristic of Grape-Nuts is that it digests quickly and completely—without fermentation in the intestines.

**A World Service**

There is, therefore, a reason why, throughout the world, Grape-Nuts has steadily grown in favor these many years, as a food for fitness, as well as charm to taste.

You can apply that reason to your own benefit.

Ready to eat from the package, always crisp, naturally sweet—served with cream or milk and a little sugar if desired—Grape-Nuts is an ideal dish for breakfast or lunch.
